

CUMC

Chatham United Methodist Church

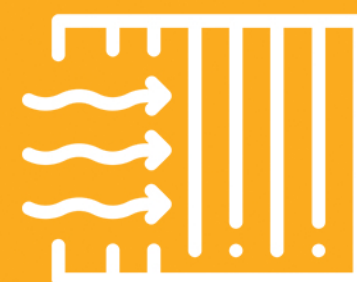

FOR YOUR PROTECTION WE OPERATE AN INDOOR AIR QUALITY 4-POINT SYSTEM

We have installed Premierone high powered UVC/UVV air purifiers inside our central HVAC system to deactivate or kill any microorganisms and break down VOCs that may find their way into the airstream.

UVC/UVV STERILIZATION

We have installed MERV 13 media filters in the central HVAC system. These filters catch 63% of particles .3-1.0 microns. We also have installed multiple MERV 17 by-pass HEPA filters that catch 99.97% of particles in the .3 micron size.

FILTRATION

HUMIDITY CONTROL

We have a well maintained high capacity cooling system that removes excess humidity from the air keeping our building comfortable.

VENTILATION

We have outdoor air ducts that allow fresh air to be constantly brought into our central HVAC system.
